QS Stars ☆☆☆☆☆ Internacional Ranking

UDIMA has received the highest rating, five stars, in the **Online Teaching Ranking** awarded by the QS evaluator.

UDIMA Internacional Education

In addition to our main headquarters in Spain, we have locations in **Colombia and the Dominican Republic**.

Why study at the CEF.- UDIMA Language Institute?

- ✓ **Strategic locations**
Campuses in **Madrid, Barcelona, and Valencia**, three of the most vibrant and culturally rich cities in Spain.
- ✓ **Flexibility in learning**
In-person, **online, and hybrid classes**, so you can choose the option that best fits your lifestyle and needs.
- ✓ **Multicultural experience**
The opportunity to interact with people from different cultures while learning the language in an **international environment**.
- ✓ **Teaching method**
Communicative and dynamic, focused on the practical learning of Spanish.
- ✓ **Certifications**
You will receive **two certificates** upon completing each course, issued by the CEF.- UDIMA Language Institute and the Universidad UDIMA.
- ✓ **Credit recognition**
ECTS credit recognition in all our courses.

At the **Center for Linguistic Studies (CEL)** of **UDIMA University**, we strategically integrate ICT and Artificial Intelligence into learning, positioning ourselves as experts in the application of AI to language teaching and the development of key digital skills for the future.

Valencia International Experience 2026

Artificial Intelligence & English Program

This summer, **CEL at UDIMA University** offers in **Valencia, Spain**, a two-week program combining **Artificial Intelligence Fundamentals and English** applied to the technological environment.

Students will develop key digital skills while learning the essential **terminology and expressions of today's technological world**, communicating in real contexts of innovation and international projects within a safe and multicultural environment.

Target Students:

Ideal for curious young learners, with or without previous AI experience, who want to develop digital skills, **work in teams** and **live an international academic experience in Valencia**.
